A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair,
No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send for sample for example to The Herpicide Co., Detroit, Mich.

Offers of building material for such a purpose have been received by the hospital association and it has the land but is without funds for erecting the structure.

I have also found them of great benefit in general debility and nerve trouble and keep them constantly on hand since, as I find they have no equal." The Red Cross Pharmacy guarantees them at 50c.
